

Democracy for Peaceful and Unite Country

Many people say that peaceful and unite can only be achieved by the good country condition. And the good country condition can only be achieved by the good government system. Now, if we talk about good government system, maybe there's no other better than democratic system. This system is the government system that created for people need and provides a freedom for people to get their rights as human. So, we can say this system is the perfect system for humanism.

And with all people rights protected, the unification in a country will be easily to be done. And that makes many country in the modern era use this system in their government.
